Re: Consent Order - Suffolk County Airport  
State of New York v. U.S.A., et al.

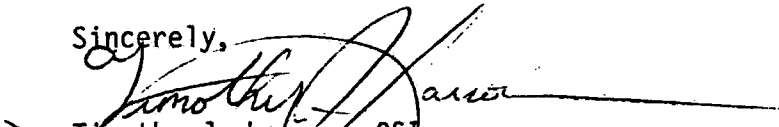

Dear Norm:

The above-referenced Consent Order has been received and reviewed by this Office. The following comments reflect concerns which we feel should be addressed in the Consent Order.

- ° Page 3, Paragraph 8 - The clarification should be made that the free product found in the wells, in the vicinity of the tank farm, is fuel which was released after February 25, 1974.
- ° Page 5, Paragraph 15 - Plan should include QA/QC protocols and a contingency plan to deal with emergency situations.
- ° Page 8, Paragraph 19, 20 and 21 - Access to site, data sharing and cooperation should include local regulator agencies.
- ° Page 11, Paragraph 27 - The NYSDEC representatives to be notified should be the same as those listed on Page 6, Section 16.a.
- ° The Consent Order should contain a statement which terminates the usage of the burning pit at the fire department training area.

If you require clarification of the preceeding comments, please feel free to contact me at 518-457-5637.

Sincerely,
